#### Year 3 – Egyptian Day

Year Three started their History topic with an amazing Egyptian Day. They spent the day learning about life in Ancient Egypt. They found out about how the Egyptians lived, what their houses may have looked like and what food they may have eaten! It has made them want to learn more about the Ancient Egyptians!

We are delighted to have received the GILT PSQM Award and have the hard work and dedication of the staff recognised. Feedback from the reviewer has been fantastic!

Here are the final comments and summary:

"Wow, what a year! It is clear from your final questions that you have a very clear understanding of where science is across all year groups at Burnham on Crouch and are confident in sharing strengths and acting on weaknesses effectively. You should be extremely proud of the opportunities you have provided to all the children and families, as well as the impact you have had on your school.

Well done!"

"A brilliant submission and a clear GILT school, showing depth and embedded good practice in Science. It was a pleasure to read, and your passion and determination shone through. It is clear from your portfolio and SD log, that your confidence and effectiveness as leaders have been supported through this journey, leading to more engagement and enthusiasm in your school staff. Using Science as a vehicle to drive improvement in other subjects has put Science at the forefront of all stakeholders' minds, ensuring constant strengthening and evaluation is taking place. It has been an inspirational portfolio, which showcases the children and their clear enthusiasm and passion for science, which demonstrates how much you value them and their journey.

Well done to the whole Science team, in particular to Louise, and congratulations on your success in GILT award."
